

Addiction Medicine Provider

Neighborhood Health Association (NHA), an FQHC located in Toledo, Ohio, has an exciting opportunity for a **Part-Time** Addiction Medicine Provider within our Medically Assisted Treatment program.

This role will be part of our addictions team which specializes in Medication Assisted Treatment (MAT) through counseling and medical treatment for those suffering from opioid addiction.

Ideal candidates will be flexible, team-oriented and have a passion for addiction medicine/MAT. Suboxone certification is required.

You will be responsible for providing quality care to NHA patients in an out-patient setting, in collaboration with counselors and general medicine care providers. NHA adheres to a Patient Centered Medical Home (PCMH) model of care, and is recognized through the National Committee for Quality Assurance (NCQA). As a PCMH recognized organization, our focus is to provide quality care for our patients through improved access to services, patient-centered approaches and patient self-management of care.

As a member of our provider team you can also look forward to:

- Competitive Salary
- Great Work Hours
