The amount in the column is the maximum amount of income appropriate for this level.

Example: household size is 1 Annual income is \$13,000 This is less than \$14,580 so the sliding fee would be minimum.

If the income amount exceeds that in the 70% column this person does not qualify for a sliding fee and is charged 100%.

Example: household size is 1 Annual income is \$30,000 No sliding fee is applied.

For households with more than 8 persons add \$5,140 for each additional person
